

ARTIST: JESSICA GILL

Jess Gill is based at the East Beach Studios in Worthing. She combs the local beaches, forages in the forests and explores bric-a-brac sales both for materials and inspiration. Her work is proudly sustainable, being naturally sourced or upcycled. All the electrics are new and comply with current legislation. Humour and irreverence are strong themes at 'Light Art' and her playful approach to sculptural lighting attracts viewers of all ages. www.jessicagill.net
